0303	B 125	12,5	L x Ø 230x110	1 1/4"	5 x 10 M 10x1 ceramic 5 x 1/4" Flat Jet	Ab ½ DN 400

Bomb Nozzle

Our classic Bomb Nozzle: proved and reliable. Heavy sewer cleaning nozzles for heavily soiled large sewers. Cleaning of the inner surface of the pipe. Deflection of the water flow leads to increased pressure force. Two different jet angles allow an optimum pressure force and cleaning performance.

The bomb nozzles are made of 16MNCr5 hardened steel. The angels of the nozzles are 15° / 30°.

Tipp:

To use with rotation joints!
